

# Kaeng Krachan Multi-day Programme

*Kaeng Krachan is a fantastic place for our training purposes. It is only 2½ hours drive from central Bangkok, and an area of outstanding beauty.*

Mountains and a large reservoir are the backdrop for our training camps at the Kaeng Krachan national park. We enjoy exciting water based options on the lake and rafting on the fast flowing river, as well as cycling along quiet country roads and a wealth of other fun activities.

Of course, the learning aspect of the AMA programme is important. All of the above activities are carefully integrated with our specialist training programme, to make the learning experience more interesting.

Our Base Resort in this region offers excellent accommodations in a peaceful and tranquil setting. The Kaeng Krachan programme is one of our more popular management training and team-building destinations.

Our programmes are managed by experienced AMA staff and are mainly conducted in English. We recognise that the level of spoken English varies from group to group. We have many Thai speaking facilitators with each programme, ensuring that all your personnel get the most out of the experience.

There is always safety equipment used where necessary. Many of the adventure activities can be conducted within the safe confines of the Resort itself
